

Copper Point supporting local events in Schull

On the 12th of June the the Eurospar Fastnet Triathlon took place in the picturesque village of Schull, Co. Cork. This year’s race was full with 300 lucky participants. The weather was fantastic and a challenging yet enjoyable day was had by all.

The competitors were given a t-shirt (pictured below) upon finishing the race. Copper Point sponsored the event for the third year running and wish the triathlon continued success.
